Minicool Compact

BENEFITS

The Minicool Compact is a roof mounted, stand alone, engine-off, air conditioning system for night time application, allowing the user to sleep comfortably in the cab of the truck.

It is a two compressor unit with two separate circuits of evaporators and condensers acting as two air conditioning systems in one. The unit has user selectable temperature and fan speeds and an energy saving, fully automatic mode which helps the user to meet government requirements and protect the environment.

TECHNICAL SPECIFICATION

- Power output: 1.4 kw (4700 BTU)
- 12 volt (24 volt available)
- Power requirements in automatic mode:
12v = 34 to 24.4 amps
- Weight: 61 lbs (28 kg)
- Size: 32.4"x 28.75"x 6.9" (823mm x 730mm x 176mm)
- Air flow max: 312 CFM (530 M³/hr)
- Battery protection with low voltage cutout
- Comes precharged for easy installation

Control unit

12V Part Number MC-91099
